- Lushun port

Lushun military port is located at the southwest end of liaodong peninsula and the southern foot of baiyu mountain. The military port of lushun is surrounded by mountains. At ordinary times, there are many warships berthed in the port. Lushun military port was built in the qing dynasty. In the late qing dynasty, the qing government ordered beiyang minister li hongzhang to set up the beiyang Marine division and operate lushun port. Lushun's military port has an excellent geographical position and is a natural port that is easy to defend and difficult to attack. In those days, Japanese and Russian colonists fought for it many times. During the sino-japanese war of 1894, the port of lushun was occupied by Japanese aggressors. In the following decades, it was occupied by Japan and Russia respectively.
